Labelling according to regulation (EC) No 1272/2008

### Hazard pictograms

Signal word

Danger

#### Hazard statements

H314

Causes severe skin burns and eye damage.

#### **Precautionary statements**

P280.2	Wear protective gloves/ eye/ face protection.
P301+P330+P331	IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
P303+P361+P353	IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin
	with water [or shower].
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact
	lenses, if present and easy to do. Continue rinsing.

* Orbin OC-OP			Date revised: 09.02.2023
# 8750094521	Version: 1/GB	Master No. MA-212	Print date: 29.04.2024
P310	Immediately call a	POISON CENTER or doctor.	

Hazardous component(s) to be indicated on label (Regulation (EC) No. 1272/2008)

contains sodium hydroxide

#### 2.3. Other hazards

The product contains no PBT substances. The product contains no vPvB substances. This product does not contain a substance that has endocrine disrupting properties with respect to human. The product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms.

# **SECTION 3: Composition/information on ingredients**

#### 3.2. Mixtures

#### Hazardous ingredients

For explanation of abbreviations see section 16.

# **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

#### After inhalation

Ensure supply of fresh air. Summon a doctor immediately.

#### After skin contact

Wash off immediately with soap and water.

* Orbin OC-OP			Date revised: 09.02.2023
# 8750094521	Version: 1 / GB	Master No. MA-212	Print date: 29.04.2024

#### After eye contact

In case of contact with the eyes rinse thoroughly with plenty of water or with an eye-cleaning solution. Seek medical advice immediately.

#### After ingestion

Do not induce vomiting. Call in a physician immediately and show him the Safety Data Sheet.

#### **4.2. Most important symptoms and effects, both acute and delayed** There is no further relevant information available

**4.3. Indication of any immediate medical attention and special treatment needed** There is no further relevant information available

# **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

#### Suitable extinguishing media

Carbon dioxide, Dry powder, Water spray jet, Extinguishing measures to suit surroundings

#### Non suitable extinguishing media

Full water jet

#### 5.2. Special hazards arising from the substance or mixture

In case of combustion evolution of dangerous gases possible. If a fire breaks out nearby, pressure build-up and danger of bursting are possible.

#### 5.3. Advice for firefighters

Use self-contained breathing apparatus. Cool endangered containers with water spray jet.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures Keep people away and stay on the upwind side. Use breathing apparatus if exposed to

vapours/dust/aerosol. Use personal protective clothing.

#### 6.2. Environmental precautions

Do not allow to enter drains or waterways.

#### 6.3. Methods and material for containment and cleaning up

Take up with absorbent material (eg sand, kieselguhr, universal binder). When picked up, treat material as prescribed under Section 13 "Disposal".

#### 6.4. Reference to other sections

Refer to protective measures listed in Sections 7 and 8.

# **SECTION 7: Handling and storage**

#### 7.1. Precautions for safe handling

Provide good ventilation of working area (local exhaust ventilation if necessary). Containers in danger should be cooled with water.

#### 7.2. Conditions for safe storage, including any incompatibilities

Keep only in original packaging. Provide alkali-resistant floor. Store product in closed containers. Do not store together with: Acids, Aluminium Keep container tightly closed.

#### 7.3. Specific end use(s)

No information available

# **SECTION 8: Exposure controls/personal protection**

	ection there is no ecotoxicolog	gical data available on the p	roduct as such

Remarks

Not relevant

#### 12.4. Mobility in soil

For this subsection there is no ecotoxicological data available on the product as such.

#### 12.5. Results of PBT and vPvB assessment

#### Results of PBT and vPvB assessment

The product contains no PBT substances. The product contains no vPvB substances.

* Orbin OC-OP			Date revised: 09.02.2023
# 8750094521	Version: 1 / GB	Master No. MA-212	Print date: 29.04.2024

#### 12.6 Endocrine disrupting properties

#### Endocrine disrupting properties with respect to the envrionment

The product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms.

#### 12.7. Other adverse effects

For this subsection there is no ecotoxicological data available on the product as such.

#### Behaviour in sewers [waste treatment plants]

The product is an alkaline solution. Neutralization is normally necessary before a waste water is discharged into sewage treatment plants.

# **SECTION 13: Disposal considerations**

#### 13.1. Waste treatment methods

#### Disposal recommendations for the product

Allocation of a waste code number, according to the European Waste Catalogue (EWC), should be carried out in agreement with the regional waste disposal company.

#### Disposal recommendations for packaging

Completely emptied packagings can be given for recycling.

# **SECTION 14: Transport information**
