

## RHE Premium

### Smoke resin remover

#### Properties

- Highly active and strongly alkaline cleaning agent
- Removes stubborn stains such as grease, protein and smoke resin
- Fast wetting and foamable
- Water hardness stabilized

#### Application

RHE Premium is a highly active, strongly alkaline cleaning concentrate for the removal of smoke resin contamination and stubborn grease and protein residues in food processing plants. The use of suitable foaming systems produces a stable, fast-wetting foam. Then rinse with sufficient water until it runs off pH-neutral. For basic alkaline cleaning use 1 - 2%, for cleaning grills and deep fryers use 5 - 10% and for the most stubborn stains use up to 20% diluted with water. Heating the cleaning solution improves

#### Dosing

##### Smoke resin removal

Addition	Rinse thoroughly with clean water
----------	-----------------------------------

#### Technical data

Density (20°C)	pH-value
1,40	12,5 - 13,5 ; 1 %

#### Titration

Prepare 10 ml application solution and titrate with 0.1 N hydrochloric acid against the indicator phenolphthalein.

Consumption (ml) x 0.12 = concentration in %

#### Notes

Store the product only in the original container and frost-free.  
Direct sunlight should be avoided.  
After removing partial quantities, the container should be resealed.
