

Devantol Magic

Pre-brushing agent

Properties

- high dirt carrying and water binding capacity
- excellent cleaning power
- excellent for spraying
- easy to rinse

Application

Devantol Magic is used pure as a brushing agent or diluted 2:1 to 1:2 with water. Devantol Magic is ideal for spraying. Sprayable solutions are obtained at a dilution of 1:1 to 1:10. When spraying with Devantol Magic, effective extraction should be provided at spotting tables for occupational health reasons.

Technical data

| Density (20°C) | pH-value |
|----------------|----------|
| 1,05 kg / l | 7 |

Notes

Only store the product in its original container and in a frost-free place. The product may become viscous if stored below 0°C for longer periods, but can be used at room temperature without loss of quality.
