

Oldomat Klar

Acidic rinse aid

Properties

- drip-free surface
- perfect shine
- better drying

Application

Oldomat Klar is a pH-acidic rinse aid for use in commercial dishwashers. The product contains a combination of surface-active substances tailored to the requirements of commercial kitchens, which ensures that the rinse water runs off well and thus ensures flawless and shiny dishes. Oldomat Klar is used in conveyor and hood cleaning systems in commercial kitchens. Oldomat Klar can also be used to improve drying results in automatic cleaning machines in food processing companies. Each rinse cycle requires 0.1 to 0.5 g Oldomat Klar per liter of rinse water. For manual dosing, approx. 50 ml Oldomat Clear should be calculated per 100 liters of rinse water.
