

EW

pH-neutral defoamer

Properties

- silicone-free
- Highly effective against organic contamination
- Suitable for alkaline and acidic cleaning solutions

Application

EW is a pH-neutral active ingredient concentrate with strong anti-foaming properties. In addition to the defoaming effect with a higher organic load in the cleaning solution, the product considerably improves the wetting effect and dirt-carrying capacity

Technical data

Density (20°C)	pH-value
0,95	7 ; 1 %

Notes

Store the product only in the original container and frost-free.
Direct sunlight should be avoided.
After removing partial quantities, the container should be resealed.
