Status: 11/17/2026

Foam-Ex

Silicone-based defoamer

Properties

- pH-neutral product
- prevents foam formation in the long term
- highly concentrated, therefore can be dosed sparingly
- for aqueous systems

Application

Foam-Ex is a special silicone-based emulsion that is primarily used in spray extraction or when extracting foam after shampooing. Foam Ex prevents increased foaming in the dirt tank, which is suppressed for a long time.

Dosing

Defoaming	
Concentration	1 - 10 %

Defoaming carpet spray extraction	
Concentration	20 - 50 %
Addition	Add to the collection container

Technical data

Density (20°C)	pH-value
1,00 kg / l	7,5

Notes

Storage:
Store the product only in its original container, protected from frost, at temperatures between +5 and +40°C. Avoid direct sunlight. After removing partial quantities, please close the container tightly again.

This product is halal certified.
The certification was carried out with reference to the standards "BPJPH Decree No. 20 2023" and "OIC/SMIIC 50-1:2022" in product category K for the production, filling, storage and distribution of cleaning agents and disinfectants.
