Spezial 38 S

Acidic foam cleaner

Properties

- Very good fat and protein dissolving power
- Removes mineral deposits
- compatible with aluminum

Application

Special 38 S is a pH-acidic foam cleaner based on mineral acid for use in the food and beverage industry and commercial kitchens. It has been developed for cleaning acid-resistant surfaces such as equipment, containers, tanks, aggregates and racks made of with the specified contact time 4. Rinse with water of drinking water quality

If Special 38 S is used as a supplement to alkaline cleaning, we recommend switching to Special 38 S after every third to fourth cleaning.

Technical data

Density (20°C)	pH-value
1,15	1,5 - 2,5 ; 1 %

Titration

Prepare 10 ml application solution and titrate with 0.1 N sodium hydroxide solution against the indicator phenolphthalein.

Consumption (ml) x 0.18 = concentration in %

Notes

Store the product only in the original container and frost-free. Direct sunlight should be avoided. After removing partial quantities, the container should be resealed.
