

Sibin

Highly alkaline CIP / circulation cleaner

Properties

- Dissolves stubborn grease and protein stains
- foam-free
- Highly effective
- Especially suitable for cleaning separators

Application

Sibin is a highly alkaline cleaning agent for removing grease, protein and other organic soiling. It has been developed for a wide range of cleaning tasks in food processing plants such as dairies, meat and delicatessen production and beverage production.

Dosing

Centrifuges, separators, heaters, pipelines, fillers

Addition	Rinse thoroughly with clean water
----------	-----------------------------------

Other CIP/recirculation processes

Concentration	0,5 - 1,0 %
Addition	Rinse thoroughly with clean water

Technical data

Density (20°C)	pH-value
1,48	13,3 ; 1 %

Titration

Prepare 10 ml application solution and titrate with 0.1 N hydrochloric acid against the indicator phenolphthalein.

Consumption (ml) x 0.10 = concentration in %

Notes

Store the product only in the original container and frost-free.
Direct sunlight should be avoided.
After removing partial quantities, the container should be resealed.
