

Lizerna POX

Stabilized oxygen bleaching agent

Properties

- highly concentrated with low application quantities
- provides a pleasantly fresh scent
- ideal for stains such as coffee, tea, fruit and wine stains
- can be used as an antichlor

Application

Lizerna POX is most effective at temperatures above 60°C. At lower temperatures, the application concentration should be increased or the washing time extended.

Lizerna POX is an oxygen bleaching powder with a fresh smell. Soiling such as coffee, tea, fruit, wine and the like are quickly removed by Lizerna POX.
