

Safety data sheet in accordance with regulation (EC) No 1907/2006					
* Omnia Unicid				Date revised: 04.01.2024	
# 8600301906	/ersion: 8 / GB	Master No.	MA-211	Print date: 17.04.2024	
SECTION 1: Identification		ubstance/m	<u>ixture a</u>	nd of the	
1.1. Product identifier Trade name Omnia Unicid					
1.2. Relevant identified	uses of the subst	ance or mixtu	re and use	es advised against	
Use of the substance/m Cleaning material/ De					
1.3. Details of the suppl Address/Manufacturer BÜFA Cleaning Gmbł August-Hanken-Str. 3 26125 Oldenburg Telephone no. Fax no. Information provided by / telephone E-Mail	H & Co. KG 0 +49 441 9317 0 +49 441 9317 100	ct safety / +49 44	1 9317 108		
1.4. Emergency telepho Poison Information Ce		9 551 19240			
SECTION 2: Hazards	identification	***			
2.1. Classification of the Classification (Regulati Eye Irrit. 2 The product is classifi For explanation of abl	i on (EC) No. 1272/2 H319 ied and labelled in ad	008) ccordance with R	egulation (E	C) No 1272/2008	
2.2. Label elements					
Labelling according to	regulation (EC) No	1272/2008			

Hazard pictograms ***

Signal word Warning

Hazard statements

H319

Causes serious eye irritation.

Precautionary statements

P280.9	Wear eye protection.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact
	lenses, if present and easy to do. Continue rinsing.
P337+P313	If eye irritation persists: Get medical advice/attention.

2.3. Other hazards

The product contains no PBT substances. The product contains no vPvB substances. This product does not contain a substance that has endocrine disrupting properties with respect to human. The product

* Omnia Unicid			Date revised: 04.01.2024
# 8600301906	Version: 8 / GB	Master No. MA-211	Print date: 17.04.2024

does not contain a substance that has endocrine disrupting properties with respect to non-target organisms.

%

mg/kg

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Hazardous ingredients

Sulfonic acids, C13-17	sec-alkane, sodium salts
CAS No.	97489-15-1
EINECS no.	307-055-2
Registration no.	01-2119976362-32-XXXX
Concentration	>= 1 < 3
Acute Tox. 4	H302
Skin Irrit. 2	H315
Eye Dam. 1	H318
Aquatic Chronic 3	H412

For explanation of abbreviations see section 16.

SECTION 4: First aid measures

4.1. Description of first aid measures

oral

After inhalation

ATE

Ensure supply of fresh air. In the event of symptoms take medical treatment.

After skin contact

Wash off immediately with soap and water.

After eye contact

In case of contact with the eyes rinse thoroughly with plenty of water or with an eye-cleaning solution. Seek medical advice immediately.

2.000

After ingestion

Rinse out mouth and give plenty of water to drink. Seek medical advice immediately.

4.2. Most important symptoms and effects, both acute and delayed

There is no further relevant information available

4.3. Indication of any immediate medical attention and special treatment needed There is no further relevant information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Carbon dioxide, Dry powder, Water spray jet

5.2. Special hazards arising from the substance or mixture

If a fire breaks out nearby, pressure build-up and danger of bursting are possible.

5.3. Advice for firefighters

Cool endangered containers with water spray jet.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

High risk of slipping due to leakage/spillage of product. Use personal protective clothing.

* Omnia Unicid			Date revised: 04.01.2024
# 8600301906	Version: 8 / GB	Master No. MA-211	Print date: 17.04.2024

6.2. Environmental precautions

Do not allow to enter drains or waterways.

6.3. Methods and material for containment and cleaning up

Take up with absorbent material (eg sand, kieselguhr, universal binder). When picked up, treat material as prescribed under Section 13 "Disposal".

6.4. Reference to other sections

Refer to protective measures listed in Sections 7 and 8.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Observe the usual precautions for handling chemicals.

7.2. Conditions for safe storage, including any incompatibilities

Emptied containers may contain product residues and therefore must be handled with care. Reuse only after appropriate cleaning. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

7.3. Specific end use(s)

No information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Exposure limit values

List

There is not known any national exposure limit.

8.2. Exposure controls

General protective and hygiene measures

Observe the usual precautions for handling chemicals. Personal protective equipment must comply with the Regulation (EC) No 2016/425 and the resulting CEN standards. The following information on personal protective equipment (PPE) is to be understood as a suggestion. The selection of the necessary PPE must be considered by the employer depending on the activities to be carried out and the local conditions. If it is determined during the on-site risk assessment that there is no danger to the employee, there is no need to wear PPE or the scope of the PPE to be used can be adjusted accordingly.

Respiratory protection

Not necessary.

Hand protection

Chemical resistant glov	ves		
Appropriate Material	nitrile		
Material thickness	>=	0,6	mm
Breakthrough time	>	480	min
We an avritately adapted	0	ابر	

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Check leaktightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

Eye protection

Tightly fitting safety glasses

Body protection

Clothing as usual in the chemical industry.

SECTION 9: Physical and chemical properties

* Omnia Unicid			Date revised: 04.01.2024
\$ 8600301906	Version: 8 / GB	Master No. MA-211	Print date: 17.04.2024
9.1. Information on ba	asic physical and cl	nemical properties	
Physical state	liquid		
Colour	blue		
Odour	Product	specific	
Melting point			
Remarks	not deter	mined	
Boiling point			
Remarks	not deter	mined	
Flammability			
evaluation	not deter	mined

	Land transport ADR/RID	Marine transport IMDG/GGVSee	
14.1. UN number	The product does not constitute a hazardous substance in land transport.	The product does not constitu hazardous substance in se transport.	
14.2. UN proper shipping name	-	-	
14.3. Transport hazard class(es)	-	-	
14.4. Packing group	-	-	
Label			
14.5. Environmental hazards			
	-		

Information for all modes of transport

14.6. Special precautions for user

Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Other information

14.7 Maritime transport in bulk according to IMO instruments Not relevant

SECTION 15: Regulatory information ***

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Ingredients (Regulation (EC) No 648/2004)

less than 5 %:

anionic surfactants

Further ingredients ***

perfumes, reaction mass of: 5-chloro-2- methyl-4-isothiazolin-3-one [EC no. 247-500-7]and 2-methyl-2H -isothiazol-3- one [EC no. 220-239-6] (3:1), bronopol (INN), Citronellol, Eugenol

VOC ***

0,09 %

Other information

VOC (EU)

The product does not contain substances according to: Candidate List for inclusion in Annex XIV of Regulation (EC) No. 1907/2006 (REACH).

15.2. Chemical safety assessment

For this preparation a chemical safety assessment has not been carried out.

SECTION 16: Other information

Classification and procedure used to derive the classification for mixtures according to Regulation (EC) 1272/2008 [CLP]:

Eye Irrit. 2 H319 Calculation method

Hazard statements listed in Chapter 2/3

H302 Harmful if swallowed.
