

Lizerna finish

Hygienic fabric softener with neutralization

Properties

- Combination of plasticizer, preservatives and acidification
- Effective hygiene in the rinsing and press area thanks to a broad spectrum of preservative action
- Prevents odors and mildew stains, especially when laundry is stored damp
- Effective acidifier for neutralizing residual alkalinity in rinse water and on textiles

Application

Lizerna Finish prevents the laundry from yellowing and gives the fabric a pleasantly full feel.

It is also characterized by good antistatic properties for mixed fabrics and a high absorption capacity.

Dosing

Hygiene softener

Concentration	0,5 - 1,0 ml / kg dry wash
Addition	As an additive in the final rinse bath

Technical data

Density (20°C)	pH-value
1,10 kg / l	2,4 ; 1 %

Notes

Store the product in its original container.

Storage should be frost-proof.

The product may tend to be slightly cloudy, but this has no influence on the effects.
