Status: 11/21/2026

Lizerna Finish

Hygienic fabric softener with neutralization

Properties

- Combination of plasticizer, preservatives and acidification
- effective hygiene in the rinsing and pressing area thanks to a broad spectrum of action of the preservation
- prevents the formation of odors and mold stains, especially in the case of damp laundry
- Effective acidifier for neutralizing residual alkalinity in rinse water and on textiles

Application

Lizerna Finish prevents yellowing of the laundry and gives a pleasantly full handle.

Furthermore, it is characterized by good antistatic properties in blended fabrics and a high absorption capacity.

Dosing

Hygiene softener	
Concentration	0,5 - 1,0 ml / kg dry wash
Addition	As an additive in the final rinse bath

Technical data

Density (20°C)	pH-value
1,10 kg / l	2,4 ; 1 %

Notes

Store the product in the original container.
Storage should be frost-proof.
The product may tend to be slightly cloudy, but this has no influence on the effects.
