Application

Ozerna Colour Green is a highly effective, liquid colored detergent for the professional care of washable outerwear, sportswear and laundry from the hotel and catering industry. Ozerna Colour Green is a mild and colored detergent with excellent grease and protein dissolving power. Soiling is safely emulsified with a wash time of just 10 minutes and can then be easily rinsed out. Thanks to its special surfactant combinations, Ozena Colour Green ensures a high level of soil removal even with unfavorable water qualities.
The dosage recommendations and washing recommendations to be used to meet the environmental criteria when using "Ozerna Colour Green" as a mild and colored detergent can be found in the dosage table.

Dosing	Degree of contamination		
Water hardness	light	middle	heavy
0 - 8.4	4	6	8
8.5 - 14	6	8	10
> 14	8	10	12

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Technical data

Density (20°C)	pH-value
1,03 kg / l	9,5

Notes

Store the product only in its original container and protect it from frost. After removing partial quantities, the container should be closed again. Due to the natural ingredients used, a visible dark turbidity may form in the lower part of the container.
