

Benzafix A-B-C Set

Special pre-spotting agents

Properties

- optimally applicable in pre-spotting
- applicable also in post-spotting
- suitable for any type of stain

Application

The first step is to identify the type of stain and wet the area with the appropriate Benzafix. In the case of unknown stains, work should be carried out in the order of the Benzafixes A, B, C. For known stains, work can be done in the order indicated on
