

# Tribin

## Alkaline circulation cleaner with active chlorine

### Properties

- Dissolves grease, protein and other organic soiling
- Foam-free and aluminum-compatible
- particularly good value
- with corrosion protection and water hardness stabilizers

### Application

Tribin was developed for cleaning in the food and beverage industry. It is a liquid, alkaline and foam-free product with active chlorine as an oxidative cleaning-supporting component. The special mixture of active ingredients ensures good water hardness c

### Dosing

#### Pipelines, mixing containers, tanks

Concentration	0,5 - 2,0 %
---------------	-------------

### Technical data

Density (20°C)	pH-value
1,19	12 ; 1 %

### Titration

Prepare 10 ml application solution and add a spatula tip of sodium thiosulphate to destroy the chlorine. Titrate with 0.1 N hydrochloric acid against the indicator phenolphthalein.

Consumption (ml) x 0.58 = concentration in %

### Notes

Store the product only in the original container and frost-free.  
Direct sunlight should be avoided.  
After removing partial quantities, the container should be resealed.
