Highly concentrated, alkaline sole detergent

Properties

- Highly effective at temperatures from 30 -60°C
- Gentle on textiles (proven by wash cycle control strips)
- Excellent washing performance with low dosage
- with optical brightener and phosphate-free

Listings

RKI listed

Application

Ozerna Diamond is a highly alkaline all-purpose detergent with optical brightener. Due to its special surfactant combinations, it ensures a high level of dirt removal and good grease dissolving power.

Dosing	Degree of contamination		
Water hardness	light	middle	heavy
0 - 8.4	2	3	4
8.5 - 14	3	4	5
> 14	4	5	6

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Technical data

Density (20°C)	pH-value
1,40 kg / l	12,5 - 13,5 ; 1 %

Ozerna Diamond in combination with Lizerna Sept* is listed with the RKI as a 60° disinfection wash process:
0.5 ml / l Ozerna Diamond and 3 ml / l Lizerna Sept*, 10 min contact time, liquor ratio 1:4, effective range A and B

*Use biocidal products with caution. Always read the label and product information before use.

Notes

Store the product only in the original container and frost-free.
After removing partial quantities, the container should be resealed.
