

Ozerna Ultra

Special detergent

Properties

- particularly suitable for restaurant and work laundry
- is effective against protein, grease and starch stains
- can be ideally combined with all common oxygen bleaching agents
- effective at temperatures of 30 - 90 °C

Application

Ozerna Ultra is a powerful detergent for stubborn stains such as those found on restaurant linen. Due to the balanced combination of enzymes and surfactants, both protein and starch stains as well as grease stains are removed. Ozerna Ultra does not contain any bleaching agents and is therefore also suitable for colored textiles. However, in the case of colored stains, oxygen bleach should be added additionally.

Dosing	Degree of contamination		
	Water hardness	light	middle
0 - 8.4	8	10	15
8.5 - 14	10	14	20
> 14	12	18	25

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Technical data

pH-value	Bulk weight
12,4 ; 1 %	ca. 950 kg / m ³

Notes

Store the product only in its original container and protected from frost.
After partial quantities have been removed, the container should be closed again.
