

Oldomat OC

Glass washing up liquid

Properties

- chlorine-free
- alkaline
- for all water hardnesses

Application

Oldomat OC is an alkaline, non-foaming liquid concentrate with very good dirt-dissolving properties. Due to the addition of water hardness-binding substances, it can be used both in process water with low water hardness and in water with a higher degree of

Technical data

Density (20°C)	pH-value
1,38 kg / l	12,0 ; 1 %

Titration

Prepare 10 ml application solution, fill up with approx. 100 ml distilled water. Titrate with 0.1 N hydrochloric acid against the indicator phenolphthalein.

Consumption (ml) x 0.44 = concentration in %

Notes

Store the product only in the original container and frost-free.
Direct sunlight should be avoided.
After removing partial quantities, the container should be resealed.
