

Powerclean DM G

Graffiti remover

Properties

- gel-type stripping agent
- for effective graffiti removal
- very well suited for bitumen and tar

Application

Special gel-based stripping agent for removing graffiti, spray paint, ink, concrete paint and paint layers from steel, Trespa, stone, concrete and wood. Contains no chlorinated hydrocarbons. Very suitable for removing bitumen and tar.

Test the product first on an inconspicuous area to check the resistance of the substrate. For stone and concrete, first moisten the surfaces with water. Use the product undiluted. To clean, immerse or brush the object, allow the solution to work for a while and then wipe off with a cloth or rinse with clean water. Allow to dry in the air. For very thick layers, it may be necessary to repeat the treatment.

Technical data

Density (20°C)
1,03 kg / l

Notes

Store the product only in its original container and protect from frost. After removing partial quantities, the container should be resealed.
