Application

Ozerna Polar is a highly effective liquid detergent for colored fabrics, designed for the professional care of washable outerwear, sportswear, and workwear (PPE, work uniforms, and corporate-identity clothing), as well as linens from the hospitality and food service industries.

In addition, the product is foam-controlled and imparts a pleasant scent to the laundry.

Our 40°C disinfectant washing process, using the specified dosages of 4.0 ml/l Ozerna Polar and 7.0 ml/l Lizerna Sept at a liquor ratio of 1:4, the washed textiles demonstrate excellent dermatological tolerability (cytotoxicity test according to DIN EN ISO 10993-5).

Dosing	Degree of contamination		
Water hardness	light	middle	heavy
0 - 8.4	5	8	10
8.5 - 14	6	10	12
> 14	8	12	15

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Technical data

Density (20°C)	pH-value
1,02 kg / l	9,2

Biocide

The product is part of a disinfection process.

Ozerna Polar in combination with Lizerna Sept* is registered with the VAH as a 40°Cdisinfection wash process: 4 ml / l and 7 ml / l Lizerna Sept*, 10 min exposure time, liquor ratio 1:4

*Use biocide products with care. Always read the label and product information before use.
