

# Lizerna Starch

## Starch

### Properties

- Cold applicable starch based on wheat
- Gives a slight shine to the fabric
- Any stiffness of the fabric can be achieved through appropriate dosing
- Can also be used as a boiling starch

### Application

Lizerna Starch is also excellently suited for manual starching or for preparing a stock solution.

### Dosing

#### Tablecloths, aprons, shirts, gowns

|               |                                                                |
|---------------|----------------------------------------------------------------|
| Concentration | 4 - 6 g / l washing liquor                                     |
| Exposure time | 4 - 6 min.                                                     |
| Addition      | Depending on the desired stiffness and depending on the fabric |

#### General household laundry

|               |                                                                |
|---------------|----------------------------------------------------------------|
| Concentration | 2 - 4 g / l washing liquor                                     |
| Exposure time | 4 - 6 min.                                                     |
| Addition      | Depending on the desired stiffness and depending on the fabric |

### Technical data

| pH-value   | Bulk weight             |
|------------|-------------------------|
| 6,5 ; 10 % | 490 kg / m <sup>3</sup> |

### Notes

Store the product only in its original container and in a dry place.  
After partial quantities have been removed, the container must be resealed airtight.
