

## Ozerna Liquid

Alkaline sole detergent

### Properties

- excellent oil, grease and dirt removal
- optimal protection against greying thanks to high pigment and dirt dissolving power
- achieves full washing power even with poor water quality
- Biologically effective thanks to new special enzymes

### Application

Ozerna Liquid is an alkaline liquid sole detergent for heavily soiled cotton items and mixed fabrics. It can be ideally combined with enzymes and other washing aids as a basic product for a wide range of requirements.

Dosing	Degree of contamination		
	Water hardness	light	heavy
0 - 8.4	4	middle	8
8.5 - 14			10

The application quantity refers to g / kg dry laundry.  
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

### Technical data

Density (20°C)	pH-value
1,17 kg / l	12,5 ; 1 %

### Notes

Store the product only in its original container and protected from frost.  
After partial quantities have been removed, the container should be closed again.
